Hriday **Kumar**

About me

Passionate CSE student with expertise in competitive programming, deep learning, machine learning, and web development. Over 1020 problems solved on Codeforces and 40+ on LeetCode. Skilled in Laravel, SQL, and AI-based projects.

Personal

Hriday Kumar
Nationality: Bangladeshi
Date of Birth: 18/10/1999

Skills

Java · Python · C++ · Web Development · Algorithms · Deep Learning · Machine Learning

Interests

Competitive Programming · AI & Machine Learning · Deep Learning · Open Source

EDUCATION

2024–Present | **BSc in CSE**
CURRENT · Pabna University of Science & Technology, Pabna, Bangladesh 📍
Completed all semester exams. Final result pending. Current CGPA: 3.4.
Relevant coursework: Data Structures, Algorithms, Software Engineering

PROJECTS

2023 | **Programming Blog System**
LEAD · Pabna University of Science & Technology 📍
Developed a programming blogging system using Laravel, React, and SQL.

2023 | **Air Writing OCR**
LEAD · Pabna University of Science & Technology 📍
Developed an OCR system for air writing using deep learning.

2021 | **Java Networking Project**
LEAD · Pabna University of Science & Technology 📍
Created a network-based gaming project in Java.

SKILLS

Java | Algorithms
Python | SQL
C++ | Laravel
Web Development
Deep Learning
Machine Learning

ACHIEVEMENTS

2021 | **Codeforces Rating**
1065 · Codeforces 📍
Achieved a maximum rating of 1065, solving over 1020 problems.

2021 | **Programming Competition**
WINNER · Pabna University of Science & Technology 📍
Won first place in the intra-university programming competition.

ACTIVITIES

2022–Present | **Computer Science Club**
MEMBER · Pabna University of Science & Technology 📍
Active participant in coding workshops and seminars.
